### Who is this course designed for?

Train the Trainer – Safe Use of Medicines is suitable for new and experienced trainers, offering tips on techniques and insights for all. This course will allow senior healthcare professionals, managers and independent trainers to listen to and participate in the course they will go on to teach, as well as equip them to deliver it.

This course is very well set out. You learn lots of new information from a very experienced and engaging trainer. Time flies when TeeJay is training!

**Deborah Sproston, ECHC**

### Course Duration

Train the Trainer – Safe Use of Medicines is a comprehensive three-day course. During the course, please allow for a duration of eight hours for the day, which includes lunch and breaks.

### Course Outcome

On completion of the course, trainers will have learned confidence and training skills to complement their experience and to support them in delivering engaging courses.

They will leave with full knowledge of the Safe Use of Medicines course and the content and equipment to deliver this training within their own organisation. Participants will also enjoy the support and advice of a pharmacy expert.

The course was very educational and enjoyable with a relaxed atmosphere and TeeJay is a professional and it shows. We had lots of fun and it was well worth every penny. I have learned a lot about myself as a person. I would recommend this course to anyone. Thank you TeeJay.

**Stephanie Atkinson**
